# INTRODUCTION

- It is an application that serves as a collection of our several programs that can be further divided into their specific categories.
- Allows users to freely use any application as a form of their own entertainment.

# JARKING

# KEY FEATURES

## 1. Authentication - Login & Sign Up Page

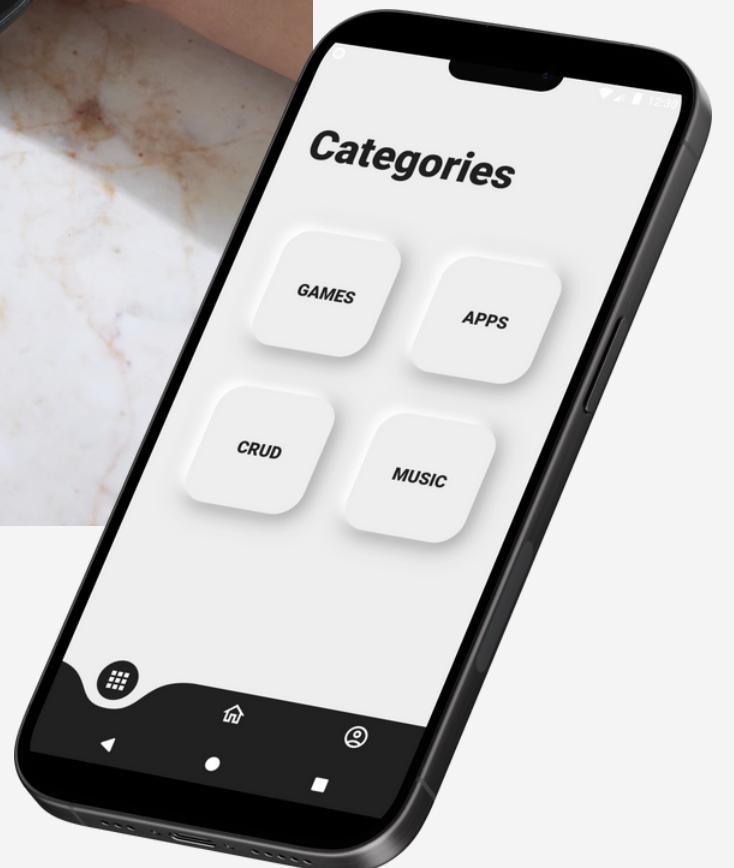

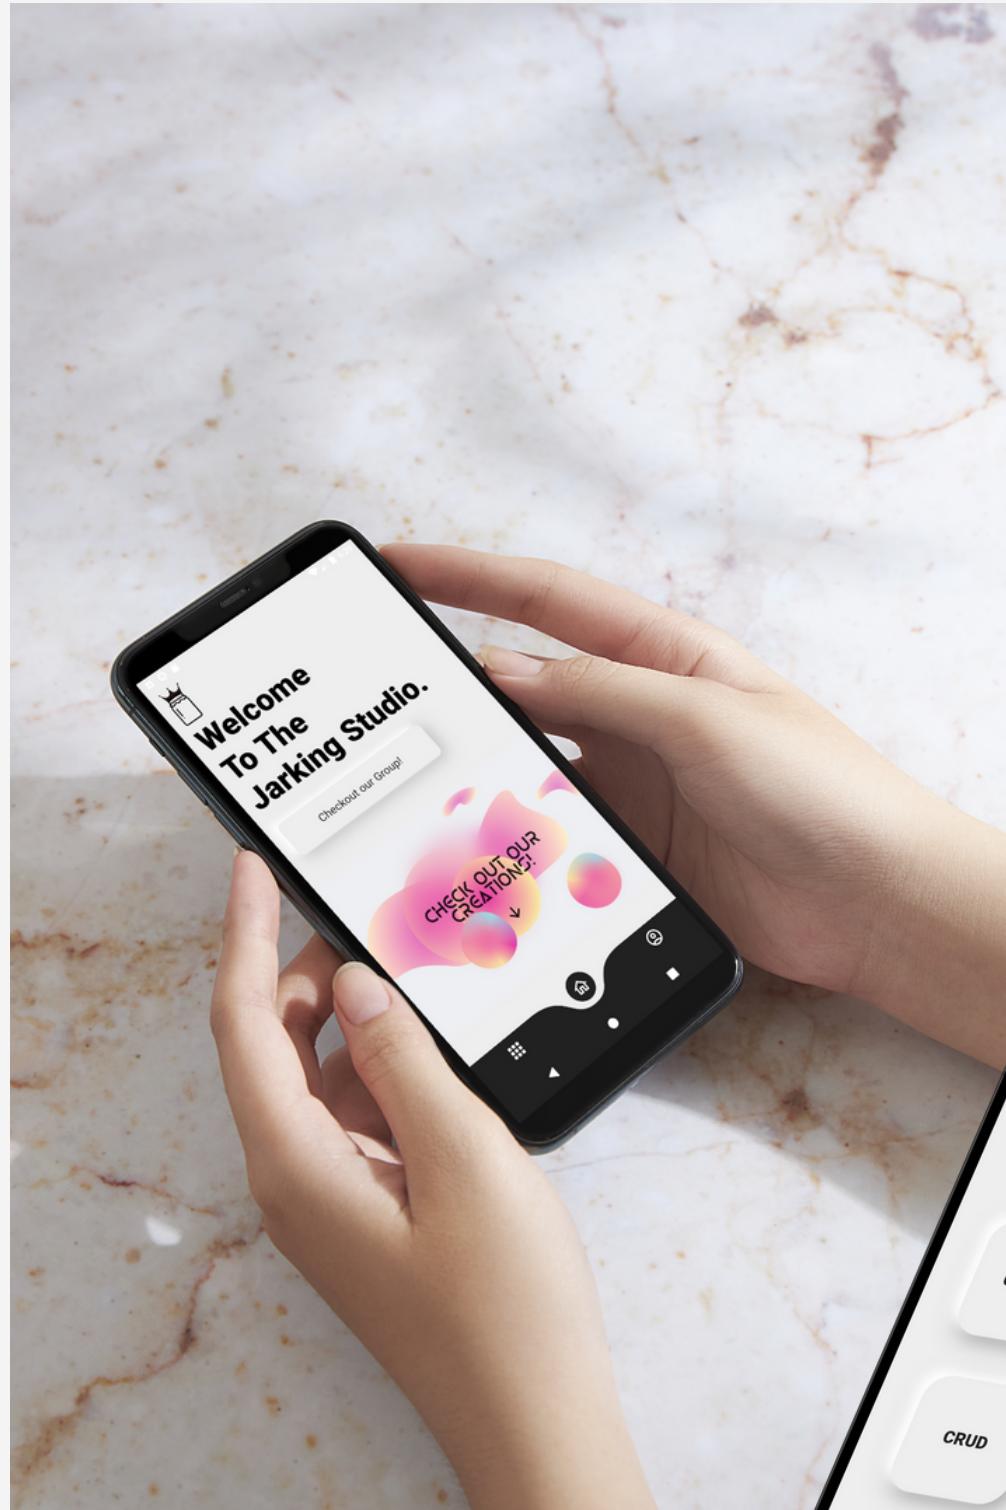

- Users freely and easily can login and sign up with their passwords makes them more secure when opening an app

## 2. Category-Centric Collections - Our Studio

- Immerse the richness of our diverse programs divided into four distinct categories: Games, CRUD (Create, Read, Update, Delete), Apps, and Music. Each category represents a unique studio of creativity and innovation.

## 3. 3nity - Flexibility, Diversity, User-Friendly

- Users have the freedom to choose and use any application within the Jarking app. you decide how you want to paint your entertainment experience.
- Embodying the spirit of "One All for One," our application brings unity to the diverse realms of gaming, creativity, productivity, and music. It's not just an app; it's an inclusive experience for everyone.
- Enjoy a visually stunning, yet minimalist aesthetic with a black-and-white theme that not only pleases the eyes but also enhances user interaction.

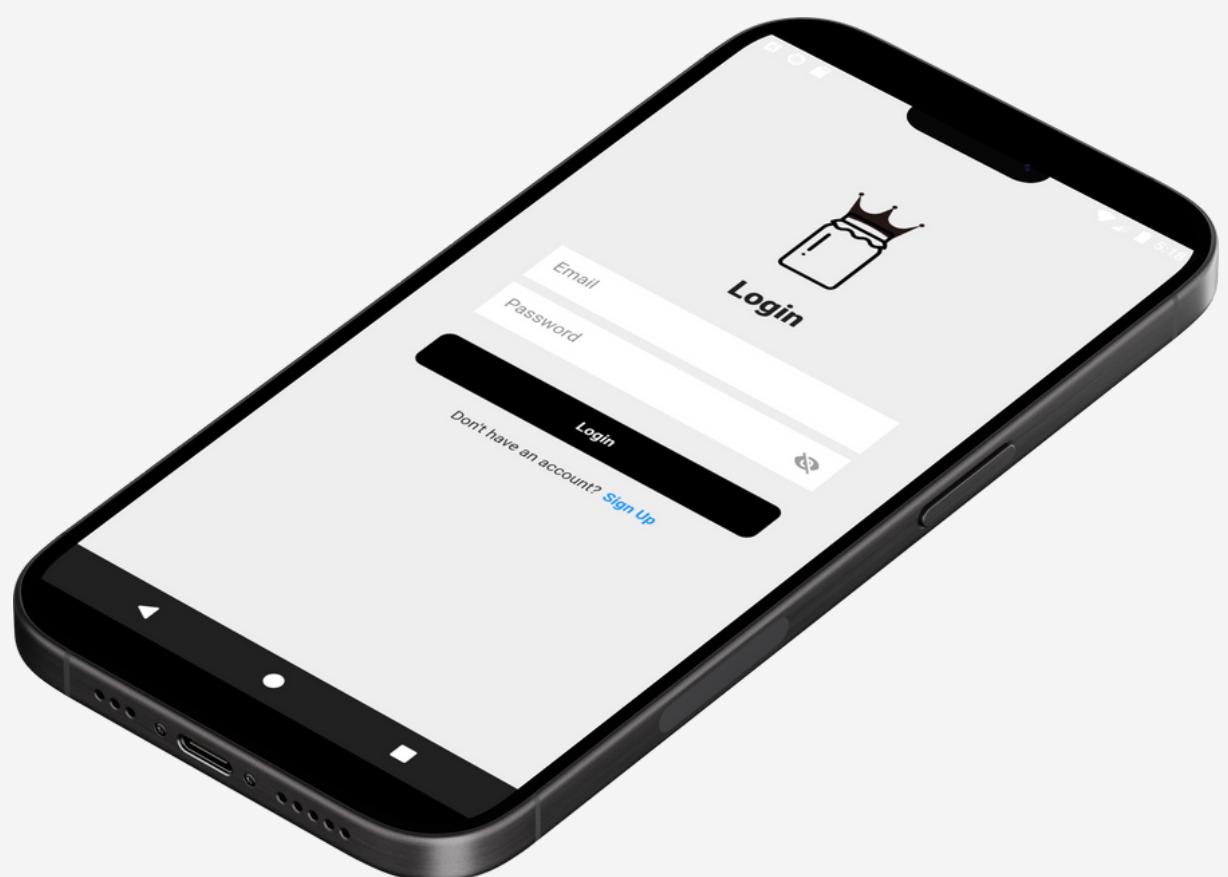

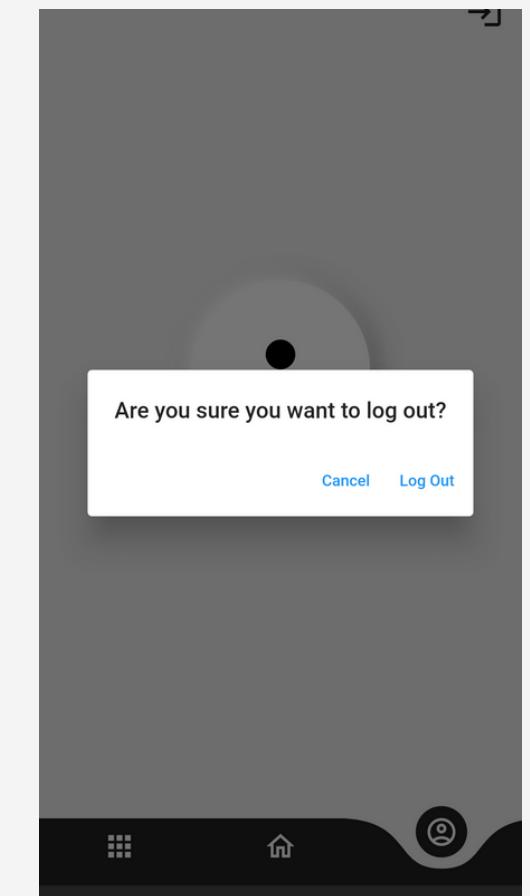

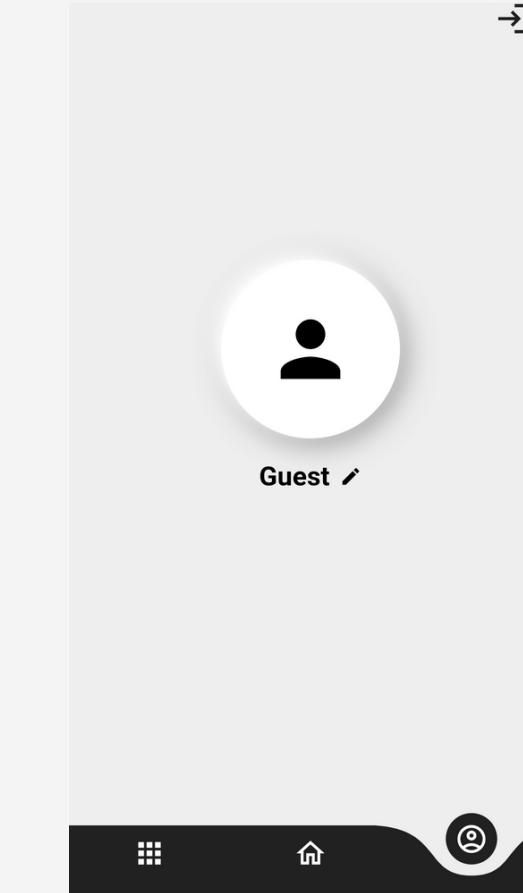

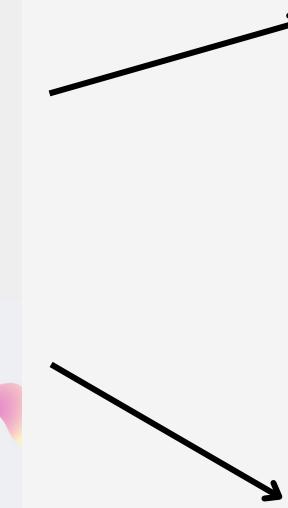

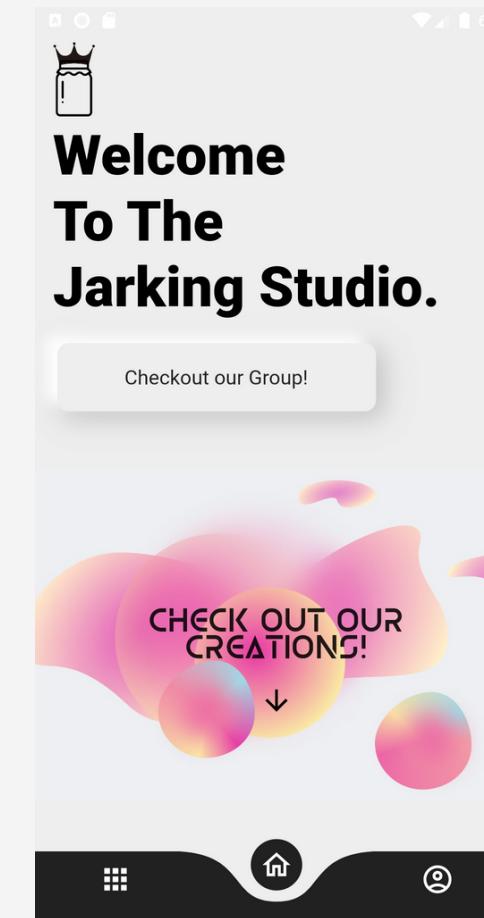

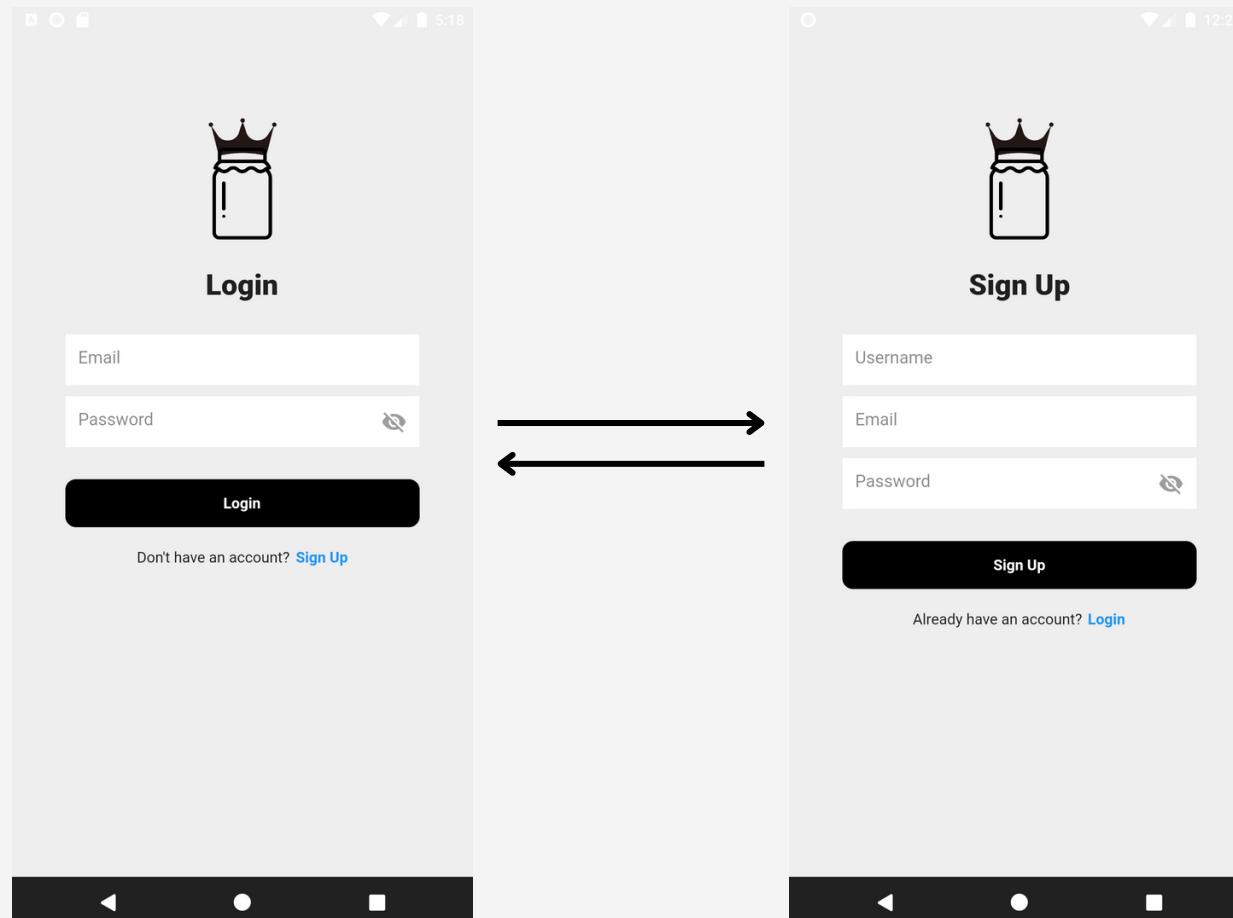

# IMPORTANCE

- this app provides everyone to have entertainment with diverse realms of our creations.
- Provides New Unique Experiences of our creation
- Users can make themselves feel secure by using a username and password according to their own preferences..

Authentication

# SCREENSHOTS

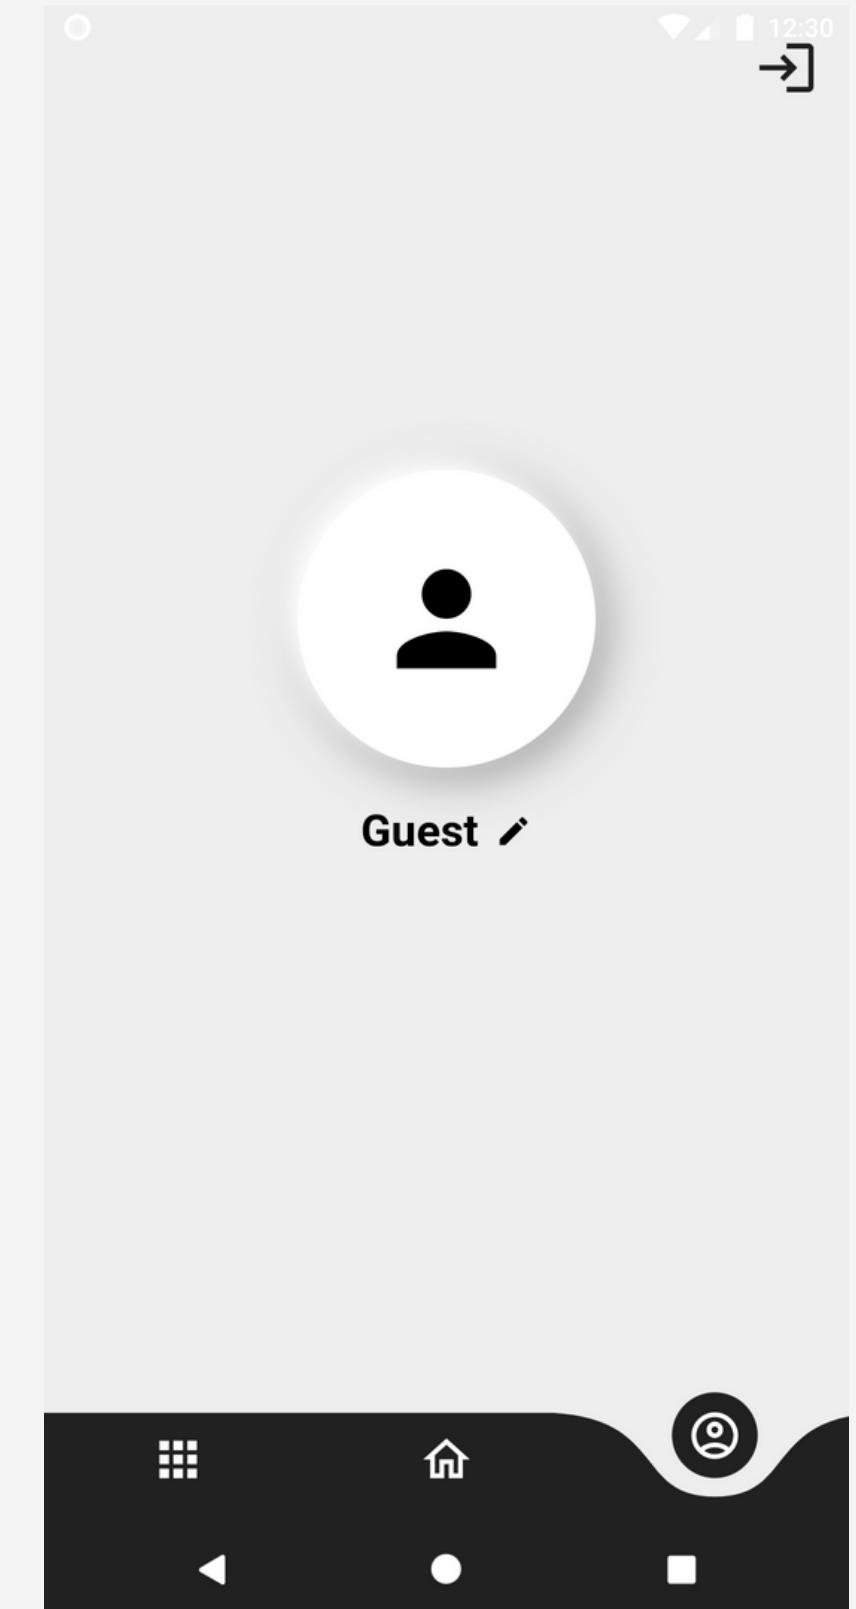

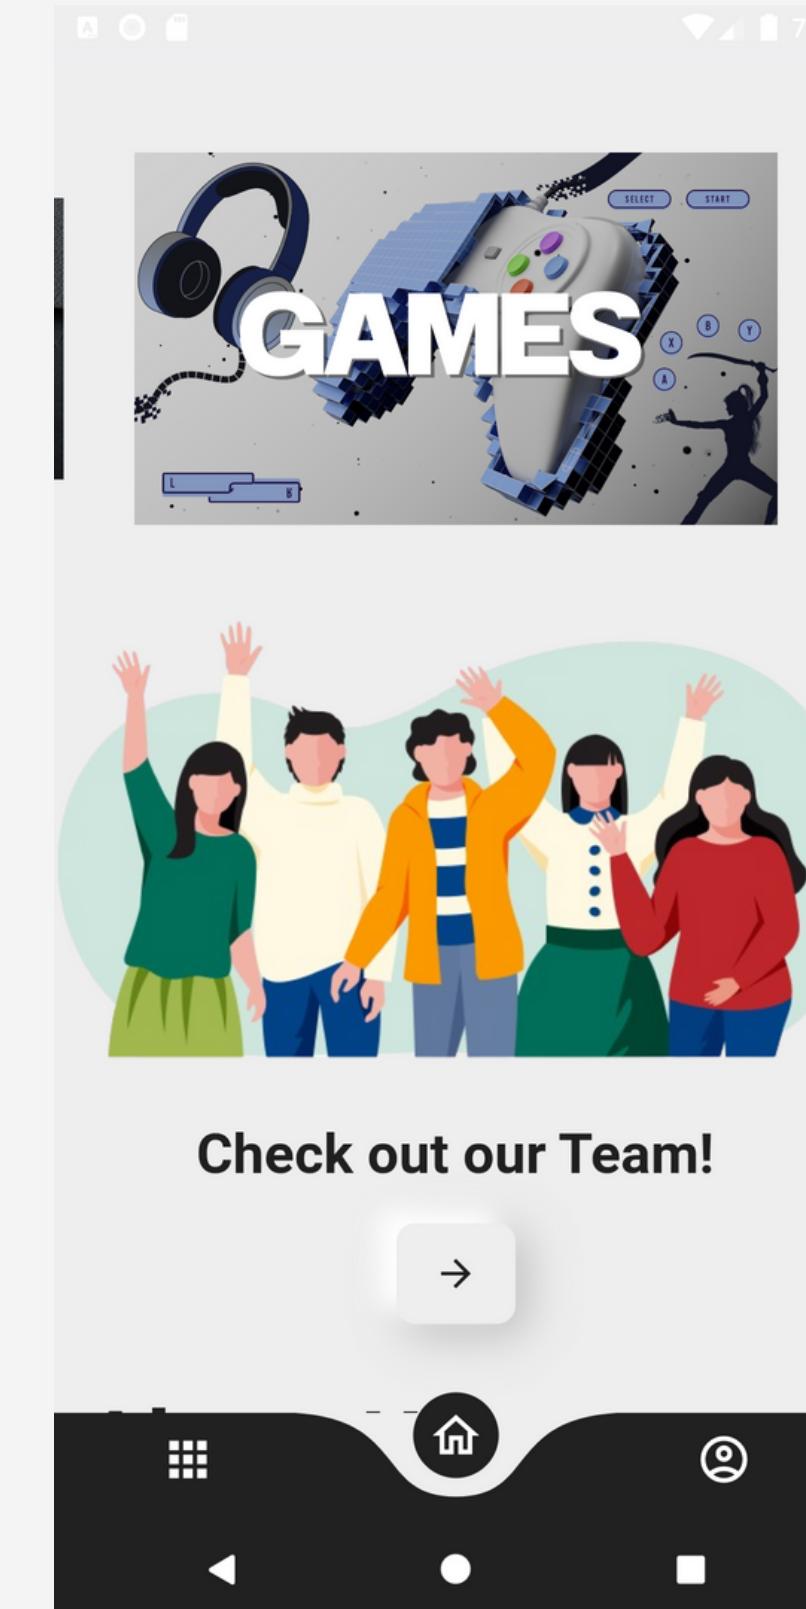

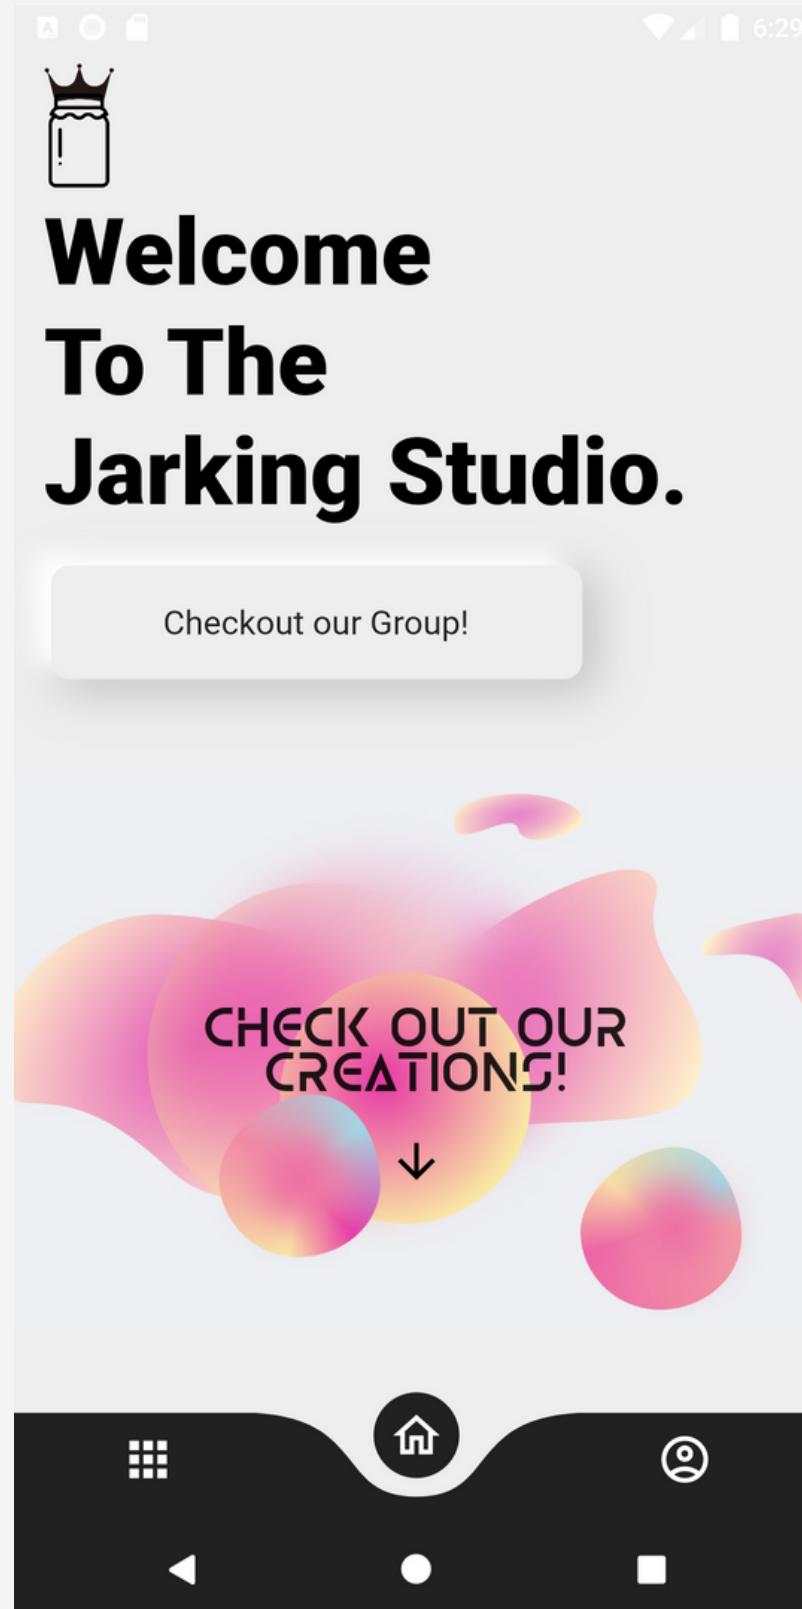

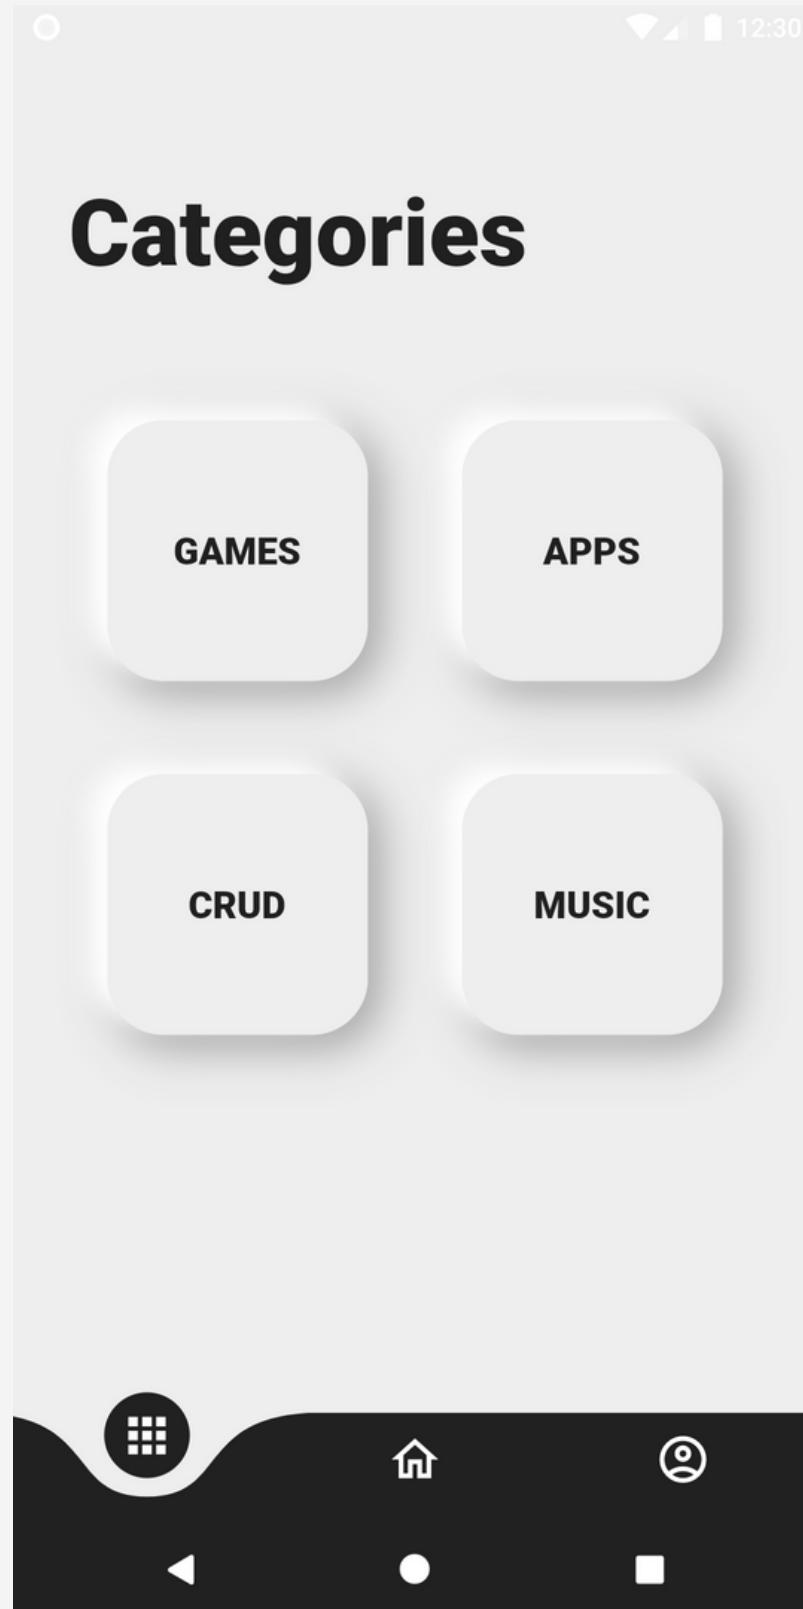

# AUTH LOGIN & SIGN UP

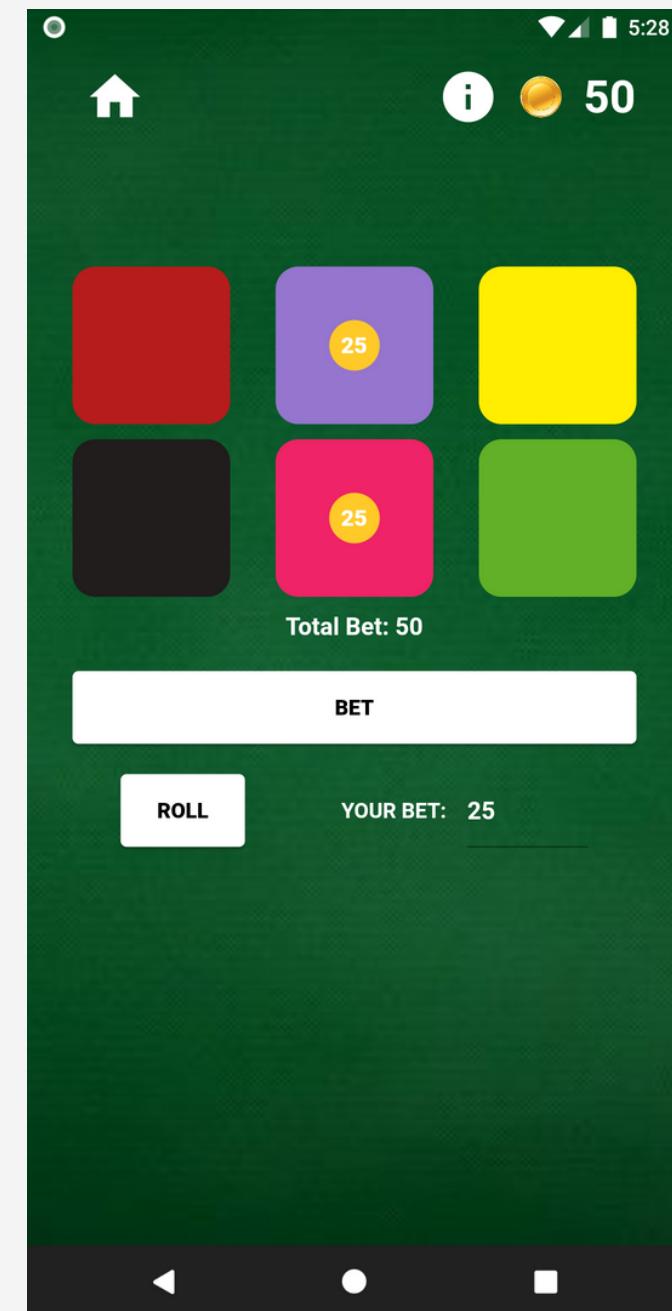

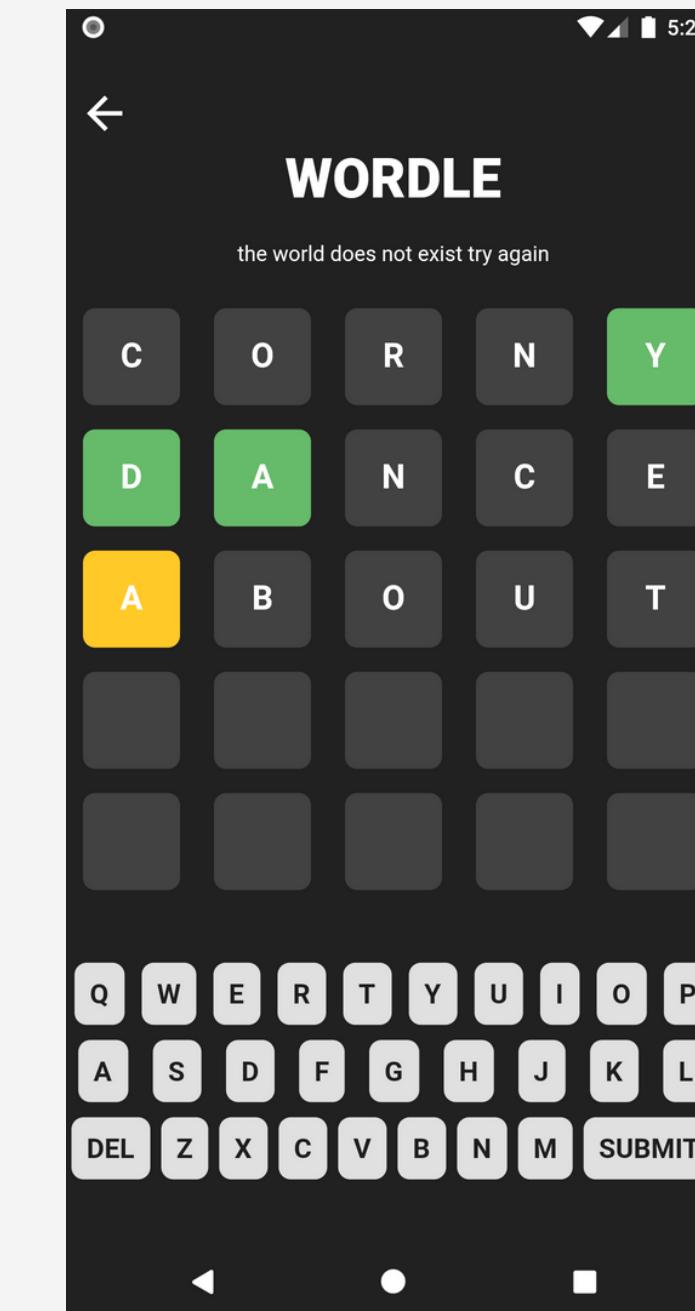

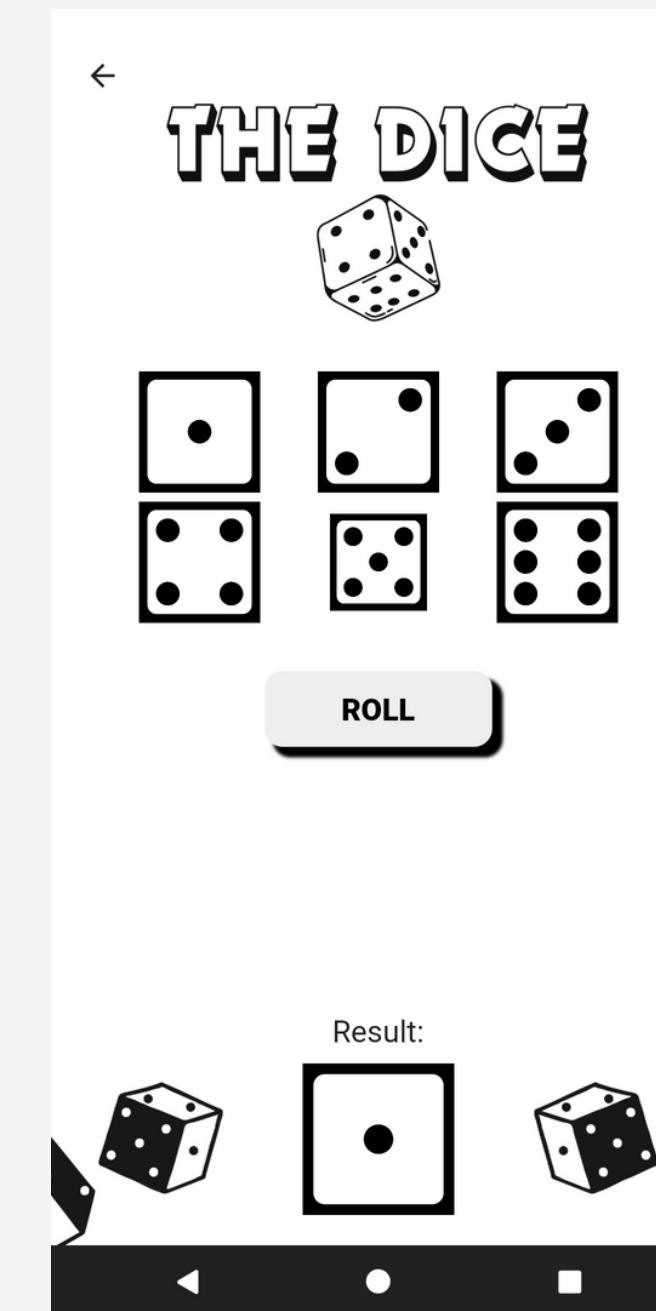

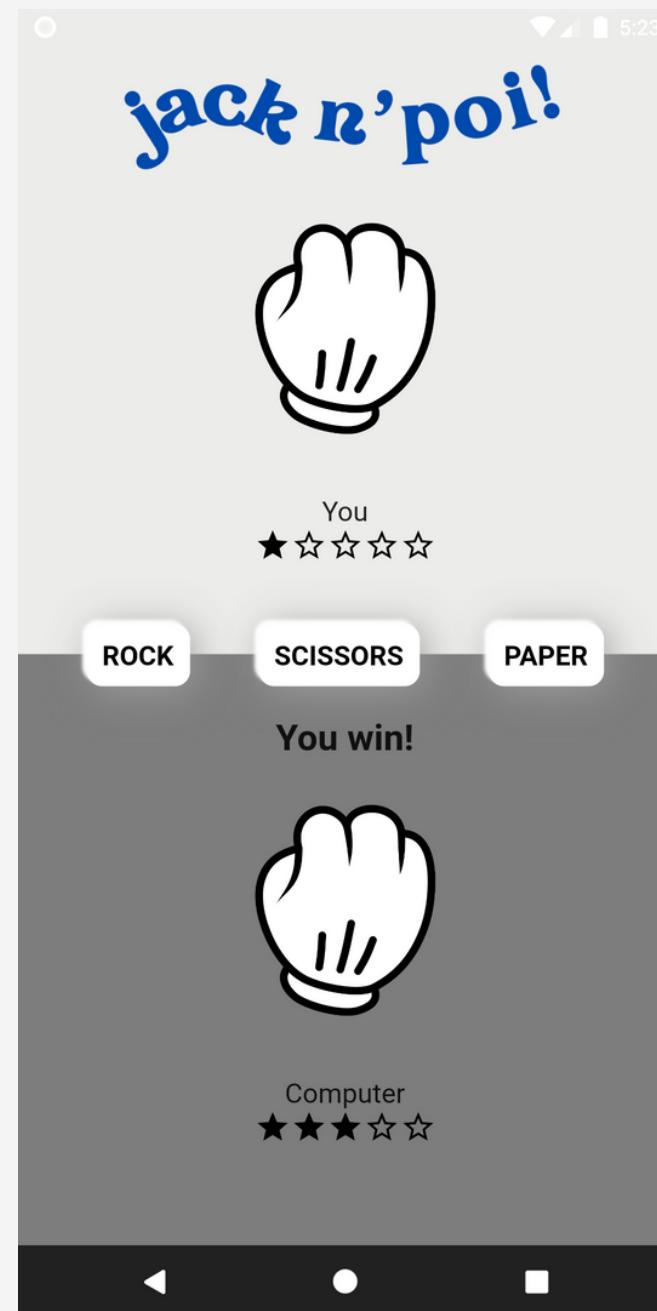

This screenshot shows the login interface. At the top, there is a logo of a jar with a crown. Below it, the word "Login" is centered. The form consists of two input fields: "Email" and "Password". A "Login" button is positioned below the password field. At the bottom, a link "Don't have an account? [Sign Up](#)" is visible.

This screenshot shows the sign up interface. At the top, there is a logo of a jar with a crown. Below it, the word "Sign Up" is centered. The form consists of three input fields: "Username", "Email", and "Password". A "Sign Up" button is positioned below the password field. At the bottom, a link "Already have an account? [Login](#)" is visible.
